## COMPANY OVERVIEW:

For nearly 50 years, Naval Coating, Inc. (NCI) is the single resource for comprehensive long-lasting solutions for industrial and maritime painting and sandblasting projects. Founded in 1969, NCI is a Certified Disabled Veteran-Owned Business Enterprise (DVBE) in San Diego. NCI employs more than 125 painters and sandblasters. The company is a regular painting and sandblasting subcontractor for BAE, CMSD, NASSCO and the US Navy. In 2016, the Commercial and Industrial Division was started using the same level of professionalism and experience that NCI has provided for the Federal Government and Armed Forces.

## MISSION:

Naval Coating, Inc. painters and sandblasters accomplish large and complex painting contracts on time and within budget while maintaining the highest levels of quality. Jobs are supported by the QA, Safety, Production, Facilities, and Accounting Teams.

## CORE COMPETENCIES:

- \* Complex painting and sandblasting jobs
- \* Abatement, scaffolding, and containment
- \* Federal Government and Military level safety standards

## DIFFERENTIATORS:

- \* History with Government Entities
- \* Military Base Access (DBIDS)
- \* Full in-house QA, Environmental & Safety Departments
- \* The Society of Protective Coatings: (SSPC) C-7 Certified Blaster,
